Buy a Horse, Give a Chicken

One Horse=$135.00

Here's the deal, the motor on the boat in the jungle is dead and we need to purchase a new 115 HP Yamaha. The boat is used for moving the portable drill between villages for clean water projects and also transporting teams from village to village. Without the boat we can't take aid to villages or make the runs deep into the jungle for missions efforts. The boat is our only transportation on the Amazon, there aren't roads or trails there....

$135.00 amounts to buying 1 horsepower so we need 115 people to donate $135.00 each to purchase the motor, get it installed and the boat rebuilt.

With that 135 dollars we'll also purchase a live chicken and give it to a villager in the Amazon, we'll take a photo for you of the chicken and recipient with a donor card around the neck of the chicken that is imprinted with your name and send the photo back to you too!

So "buy a horse" (one of the 115) and you will also give a chicken to someone that needs it.

Buy a Horse!
